**HENRY FORD WEST BLOOMFIELD
HOSPITAL**

**NURSE MANAGER - Cath Lab, Non Invasive Cardiology, PET, Vascular
Nuclear Med and Telemetry**

The Whittaker Group Healthcare Search Consultants has been retained by Henry Ford West Bloomfield Hospital to conduct searches for a Nurse Manager, Cath Lab, Non Invasive Cardiology, PET, Vascular Nuclear Med and Telemetry.

Henry Ford West Bloomfield Hospital opened in 2010 as a 191-bed all private room hospital with an additional 109-beds expected to open in 2012. They offer comprehensive medical care, including 24-hour emergency care, neurosciences, women's and children's health, orthopaedics, diagnostic testing and a wellness center with complementary therapies. Located on 80 tranquil acres in West Bloomfield, the hospital includes a labor and delivery wing and several operating rooms. Physicians from the world-renowned Henry Ford Medical Group and physicians recognized for their expertise and dedication to excellence practice there.

The hospital is member of Henry Ford Health System (HFHS), one of the nation's leading comprehensive health systems. HFHS, with gross revenue over \$4.08 billion and 19,261 FTEs, includes 6 hospitals located within 4 counties in SE Michigan, Henry Ford Medical Group with 1200 physicians and researchers in 40 specialties and Health Alliance Plan.

The position will provide direction and management to the clinical support personnel in ambulatory patient care units through nurse supervisors, or directly manage clinical support personnel in a large patient care unit. Responsibilities will include designing and developing daily work schedules, developing, directing and coordinating quality assurance and patient / employee risk management programs, developing and overseeing budgets, and implementing educational opportunities for the clinical support staff in their area.

Nurse Manager, Cath Lab, Non Invasive Cardiology, Nuclear Med, PET, Telemetry, Vascular

The deliverable objectives for this position include:

- Lead CON application for PCI program
- Hire/train staff for PCI program
- Achieve budgeted volumes for each relevant modality
- Collaborate with Diagnostic Sales Specialist for targeted marketing
- Obtain established Press Ganey "Likelihood to recommend" target
- Build relationships with internal/external stakeholders (staff, physicians, etc.)
- Develop future existing staff leaders reporting to this manager

Candidates must have a current RN license in the State of Michigan, a minimum of two years of clinical experience as an RN, a Bachelor's Degree is required and a Master's is preferred. The selected professional will have at least five years of experience that demonstrates progressively more responsibility. Previous supervisory/management experience is required and management experience in Cath Lab preferred.
