## **HENRY FORD WEST BLOOMFIELD HOSPITAL**

### **NURSE MANAGER - Interventional Radiology, MRI, IR, CT, MRI, PICC Team Diagnostic Holding Area & Pre/post Cath Lab/IR**

The Whittaker Group Healthcare Search Consultants has been retained by Henry Ford West Bloomfield Hospital to conduct a search for a Nurse Manager, Interventional Radiology, MRI, IR, CT, MRI, PICC Team Diagnostic Holding Area & Pre/post Cath Lab/IR.

Henry Ford West Bloomfield Hospital opened in 2010 as a 191-bed all private room hospital with an additional 109-beds expected to open in 2012. They offer comprehensive medical care, including 24-hour emergency care, neurosciences, women's and children's health, orthopaedics, diagnostic testing and a wellness center with complementary therapies. Located on 80 tranquil acres in West Bloomfield, the hospital includes a labor and delivery wing and several operating rooms. Physicians from the world-renowned Henry Ford Medical Group and physicians recognized for their expertise and dedication to excellence practice there.

The hospital is member of Henry Ford Health System (HFHS), one of the nation's leading comprehensive health systems. HFHS, with gross revenue over \$4.08 billion and 19,261 FTEs, includes 6 hospitals located within 4 counties in SE Michigan, Henry Ford Medical Group with 1200 physicians and researchers in 40 specialties and Health Alliance Plan.

The position will provide direction and management to the clinical support personnel in ambulatory patient care units through nurse supervisors, or directly manage clinical support personnel in a large patient care unit. Responsibilities will include designing and developing daily work schedules, developing, directing and coordinating quality assurance and patient / employee risk management programs, developing and overseeing budgets, and implementing educational opportunities for the clinical support staff in their area.

### **Nurse Manager, Interventional Radiology, MRI, IR, CT, MRI, Diagnostic Holding Area, PICC Team & Pre/post Cath Lab/IR**

The deliverable objectives for this position include:

- Develop mid-level supervisors to achieve determined results
- Collaborate with Diagnostic Sales Specialist for strategically marketing IR services
- Obtain established Press Ganey "Likelihood to recommend" target
- Successful launch of Vein Clinic
- Hire/train staff
- Oversee coordination of recovery patients in IR, Observation and Cath Lab

Candidates must have a current RN license in the State of Michigan, a minimum of two years of clinical experience as an RN, a Bachelor's Degree is required and a Master's is preferred. The selected professional will have at least five years of experience that demonstrates progressively more responsibility. Previous supervisory/management experience is required and management experience in Cath Lab preferred.
